INDEPENDENT AUDITOR'S REPORT

To the Board of Directors United Way of Brevard County, Inc. Rockledge, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of United Way of Brevard County, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2019 and 2018, and the related statements of activities, functional expense analysis, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Brevard County, Inc. as of June 30, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2019, on our consideration of United Way of Brevard County, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering United Way of Brevard County, Inc.'s internal control over financial reporting and compliance.

Change in Accounting Principle

As discussed in Note 2 to the financial statements, in 2018, the Organization adopted new accounting standard, FASB, ASU 2016-14 *Presentation of Financial Statements for Not-for-Profit Entities*. Our opinion is not modified with respect to this matter.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and nature of activities

United Way of Brevard County, Inc. (UWBC or the Organization) is a health and human services not-forprofit organization with headquarters located in Cocoa, Florida. UWBC began operations in 1957 and was established to provide assistance to the Brevard County community through resource development, community planning, and direct community services. We are governed by a volunteer Board of Directors representing many interests within the County and had 37 employees as of June 30, 2019.

Our mission is to be Brevard's leader in mobilizing the caring power of our community.

To accomplish our mission, UWBC coordinates an annual fundraising campaign and strategically distributes funds to local programs based on the potential return on investment and quantifiable results. In addition to the annual fundraising campaign, your United Way, guided by a Board of Directors, sets community priorities that will improve lives and strengthen our community. To do that, we must help build the skillsets necessary to move from merely surviving to thriving. That is why we are focusing on three fundamental building blocks that allow you to move beyond poverty to a better quality of life – Education, Financial Stability, and Health. Together, those building blocks create a sturdy foundation not just for one family, but our entire community.

- **Health** Being healthy is vital, making it possible for youth to be successful in school, individuals to be productive at work, and for all to live a good life. Our United Way was able to make our community healthier by focusing our efforts on Health Care Access/Literacy, Child Abuse Prevention (Healthy Families) and United Way's Feed and Read Program. Through a grant from the University of South Florida, United Way navigators assisted consumers, small businesses, and their employees as they looked for health coverage with the online Health Insurance Marketplace. Through funding from the Ounce of Prevention, Healthy Families Brevard helps local families prevent child abuse and neglect and promotes healthy child development. Finally, our Feed and Read Program is a cross promotional strategy addressing summer hunger and reading loss by providing children with books each week, take-home meals, and trained reading mentors.
- Education Quality education is the cornerstone of our work in changing lives and strengthening our community. Research shows that a strong educational foundation leads to better employment opportunities and a more competitive workforce. Higher educational attainment is a direct corollary to higher income, better health and a host of other factors that make individuals and communities more productive. United Way's educational strategies include greater access to books, expanding reading mentoring and reducing summer learning loss.
- **Financial Stability** Without the ability to pay their mortgage or rent, families may find it impossible to achieve a sense of security, let alone take the steps necessary to create a better life for themselves. That's why our work in income is focused on helping people become financially stable through the following programs: Volunteer Income Tax Assistance (VITA) sites and financial education classes. Local VITA site volunteers prepare tax returns for low-to-moderate income workers, saving preparation costs, and assisting with eligible tax credit claims. The financial education (FDIC 'Money Smart' course) teaches how to budget, save money, and use credit wisely.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Organization and nature of activities (continued)

- Housing Opportunities for Persons with AIDS Program (HOPWA) UWBC serves as the fiscal agent for the HOPWA program which provides mortgage, rent, and utilities assistance to persons that qualify under a grant from the Florida Department of Health.
- **Gifts in Kind Program** UWBC provides health and human service organizations access to quality donated goods to improve the agency's ability to provide services that make our community safer and stronger.

Financial Statement Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 958, *Not-for-profit Entities*, as amended by Accounting Standard Update (ASU) No. 2016-14. ASU 2016-14 was effective for fiscal years beginning after December 15, 2017 and the Organization adopted it on July 1, 2018. In accordance with the Standard, the Organization has applied it on a retrospective basis by applying the reporting changes to the earliest accounting period presented in these financial statements.

Following the update, FASB ASC 958 requires a not-for-profit entity to present on the face of the statement of financial position amounts for two classes of net assets; net assets without donor restrictions and net assets with donor restrictions, and on the face of the statement of activities the amount of change in each of the two classes. In addition, the Organization is required to present:

- The amounts of expenses by both their natural classification and their functional classification, including disclosures concerning the methods used for cost allocation between functional classifications.
- Qualitative and quantitative disclosure information on liquidity and availability of financial assets to meet the Organization's cash needs for general expenditure within one year.
- The composition of donor restricted net assets at period-end.
- Self-imposed limits on use of resources without donor restrictions at the end of the period, including designations and reserves.
- Investment returns net of external and direct internal investment expenses and no longer require the disclosure of those netted expenses.

UNITED WAY OF BREVARD COUNTY, INC. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and cash equivalents

For purposes of the statement of cash flows, UWBC considers all unrestricted, highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Investments

Investments are reported in the statement of financial position at fair value based on quoted market prices. Investment income consists of interest income, dividend income, and realized and unrealized investment gains and losses, net of investment expenses.

Grant and Contract Receivables

It is the policy of UWBC management to review the outstanding receivables at year-end to determine the collectability of the accounts. Based on current account composition and historical experience, management considers all receivables to be fully collectible, and as such, no allowance for uncollectible receivables has been reported on the accompanying statements of financial position as of June 30, 2019 and 2018.

Unconditional promises to give

Campaigns are conducted on a calendar year basis. The majority of unconditional promises to give are made during the fall pledge drive and are due by the end of the following campaign year, which typically runs from March through the following February. Thus, campaign contributions are treated as temporarily restricted in the year of the campaign and are transferred to unrestricted the following year when the time restriction has expired and the campaign proceeds are used to fund UWBC's programs and supporting services.

An allowance for uncollectible pledges is calculated for each campaign. The allowance for uncollectible pledges is based on gross pledges. This allowance takes into consideration historical collection experience and current economic factors. An allowance for uncollectible pledges of 6% for the 2017, 2018, and 2019 campaign years was recognized.

Inventory - gifts in kind

Inventory consists of donated merchandise to be distributed to nonprofit organizations in Brevard County and is reflected at its estimated fair value (see Donated services and materials).

Property and equipment

Buildings, improvements, and furniture and equipment are recorded at cost if purchased or at estimated fair value at date of donation if donated. UWBC capitalizes all items with a cost of \$2,500 or more and an estimated useful life of at least three years. Depreciation is computed on the straight line basis over the expected useful lives of the assets, with buildings and improvements depreciated over thirty nine years and furniture and equipment over three to twelve years. Other expenditures for repairs and maintenance are charged to expenses as incurred. The carrying amount and accumulated depreciation of assets that are sold or retired are removed from the accounts in the year of disposal and any resulting gain or loss is included in the statement of activities.

UNITED WAY OF BREVARD COUNTY, INC. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Allocations payable to agencies

UWBC annually allocates funds to its partner agencies. The Board of Directors approves the total amount of allocations to be distributed for the next fiscal year. The amounts allocated to the individual agencies are determined by community volunteers during the annual fund distribution process. Once the Board approves the allocations, agreements are executed with the agencies prior to June 30th of each year. Allocations are recognized when communicated to the agencies as an expense and a liability.

Donor designations

Donor designations are cash or pledges that the donor specifically directs to a particular 501(c)(3) health and human service organization. Under accounting principles generally accepted in the United States of America, donor designations do not constitute campaign revenue or program expense and are reported on the statement of financial position as a current liability. These funds are held by UWBC as an agent and are distributed to the intended organizations when collected, net of a 11.7% service fee for the 2018 campaign or a maximum of \$75 per donor.

Net assets

Not-for-profit organizations are required by generally accepted accounting principles in the United States of America to classify net assets into two categories based on the existence or absence of donor-imposed restrictions:

Without donor restrictions - those that are not subject to any donor-imposed restrictions.

With donor restrictions - those subject to donor-imposed restrictions either for purpose or time.

All contributions to UWBC are considered available for use unless specifically restricted by the donor. Contributions that are restricted by the donor are reported as increases in without donor restrictions net assets if the restrictions expire during the fiscal year in which the contributions are received. Investment income that is limited to specific uses by donor restrictions is reported as an increase in without donor restrictions net assets if the restrictions net assets if the restrictions are met within the same reporting period as the income is recognized. All other donor-restricted contributions are reported as with donor restrictions net assets which are reclassified to without donor restrictions net assets in future periods when the donor stipulations have been met.

Board designated net assets are voluntary, Board approved segregations of the UWBC unrestricted net assets for specific purposes.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Support and revenue recognition

Pledges and other donations are recognized as revenue when received or when the donor makes an unconditional promise to give to UWBC, whichever is earlier. Noncash donations are recorded at their estimated fair value on the date of receipt. Conditional promises to give, including cost reimbursable grants, are recognized when the conditions on which they depend are substantially met.

Contributions are recognized as revenue, increasing unrestricted net assets unless the donor restricts their use to a particular period or purpose. In the absence of donor stipulations to the contrary, UWBC reports pledges restricted for use as time restricted to that period. Time restrictions expire when the pledges are due. Purpose restrictions expire when the contributed resources are spent for their stipulated purpose.

UWBC does not receive membership dues or service charges from charitable organizations participating as members in the federation.

Fundraising expenses

Fundraising expenses are recognized when incurred, regardless of the campaign year to which they relate.

Functional expenses

Expenses are charged to each function or grant based on direct expenditures incurred. There are specific allocation tables prepared based on the location and function of the staff. Staff time studies and usage reports are used to determine the allocation of functional expenses.

All costs are directly expensed if the identification of the specific expense is possible. If an expense is not able to be charged directly to a specific program but benefits all programs and is necessary for the operation of the organization, it is allocated based on the following factors:

- 1) Percent of total time for all staff on specific programs.
- 2) Determining if the expense is allowable and allocable.
- 3) The staff's office location.
- 4) The office location where the expense was incurred.

Management develops the plan in a reasonable and consistent method for the allocation of all eligible expenses.

Compensated Absences

Employees of the Organization are entitled to paid vacation and personal days off depending on their job classification, length of service, and other factors. The Organization's policy is to recognize the costs of the compensated absences when earned and has accrued a liability for compensated absences of \$30,977 (2019) and \$29,795 (2018) as reported on the statement of financial position.

Promotional printing and advertising costs

UWBC expenses its promotional printing and advertising costs as incurred. Promotional printing and advertising expenses were \$60,006 (2019) and \$61,406 (2018).

UNITED WAY OF BREVARD COUNTY, INC. NOTES TO FINANCIAL STATEMENTS JUNE 30, 2019

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income taxes (continued)

UWBC is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the financial statements.

FASB ASC 740, *Accounting for Income Taxes*, prescribes a recognition threshold and measurement attribute of the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return.

Management evaluates the Organization's tax positions on an annual basis, both past and current. If management determines that a past or current tax position is uncertain then a tax liability is calculated to represent the increase in taxes anticipated upon examination. As of June 30, 2019, management has determined that all past and current tax positions were likely to be realizable and sustainable upon examination and that the calculation of a tax liability was not necessary.

Tax years ended June 30, 2016 through 2019 remain subject to possible examination by the Internal Revenue Service.

Donated services and materials

A substantial number of volunteers donate significant amounts of their time to support UWBC's fundraising campaign and community initiatives. However, since the donated time does not meet the criteria for recognition under the applicable accounting standards, the costs of the donated time is not included in the financial statements. During the year ended June 30, 2019, approximately 17,000 service hours were donated by approximately 1,400 volunteers. During the year ended June 30, 2018, approximately 32,500 service hours were donated by approximately 2,400 volunteers.

Donated materials are reflected as support in the accompanying statement of activities at their estimated fair value at the date of receipt. A corresponding In-kind contributions expense for distributed donations is recorded on the statement of functional expenses. Donated materials that were not yet distributed to agencies are reflected as Inventory- gifts in kind on the statement of financial position. Under its Gifts in Kind program, UWBC received a total of \$566,347 (2019) and \$992,879 (2018) in donated materials.

UWBC provides health and human services organizations access to quality donated goods to improve the ability to provide services that make the community safer and stronger. Under this program, UWBC received \$445,242 (2019) and \$837,504 (2018) of donated materials.

UWBC also receives donations of materials that enhance the delivery of services under certain grant programs. Donated services and materials received for grant programs were \$121,104 (2019) and \$155,375 (2018).

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results could differ from these estimates.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Reclassifications

Certain amounts in 2018 financial statements have been reclassified for comparative purposes to conform to the presentation in the 2019 financial statements.

NOTE 2 – ADOPTION OF NEW ACCOUNTING STANDARD

On July 1, 2018 the Organization adopted ASU 2016-14, Presentation of Financial Statements for Notfor-Profit Entities. Adoption of this standard resulted a change in the presentation of net assets. Below is the reclassification of net assets due to the implementation of ASU 2016-14:

	Reclassification			
	Previous	Current		
Previously reported as of June 30, 2018	GAAP	GAAP		
Unrestricted net assets	\$ 2,894,991	\$ -		
Temporarily restricted net assets	457,961	-		
Without donor restrictions	-	2,894,991		
With donor restrictions	-	457,961		
	\$ 3,352,952	\$ 3,352,952		

NOTE 3 – CONCENTRATIONS

Credit risk

The Organization maintains its cash and cash equivalents, and certificate of deposit balances in financial institutions that are insured by the Federal Deposit Insurance Corporation (FDIC) for up to \$250,000 per depositor. At June 30, 2019, the Organization's uninsured cash and cash equivalents balances were approximately \$669,295.

The Organization also maintains cash equivalents and investments with a brokerage firm that is a member of the Securities Investor Protection Corporation (SIPC). Cash and investment held at a member brokerage firm are insured by the SIPC up to \$500,000 per customer, including a maximum of \$250,000 for cash. These investments are also covered by additional insurance that is provided by the brokerage firm through Lloyd's Central Fund. At June 30, 2019, UWBC's uninsured cash equivalents and investments balances approximated \$704,348.

NOTE 3 – CONCENTRATIONS (continued)

Economic dependency

At June 30, 2019 and 2018, UWBC received 70% and 75%, respectively, of its unrestricted support and revenues from the annual community campaign and certain federal and local grants as follows:

		2019	
Source	Support and revenues	Promises to give, net	Receivable
Annual Community Campaign, net	\$ 4,744,572	\$ 2,353,306	\$ -
Healthy Families Grant	1,054,529	-	95,903
HOPWA	423,228	-	69,730
		2018	
	Support and	Promises to	
Source	revenues	give, net	Receivable
Annual Community Campaign, net	\$ 4,533,997	\$ 1,890,590	\$-
Healthy Families Grant	981,409	-	163,864
HOPWA	393,550	-	60,871

UWBC is dependent upon undesignated contributions from corporate and individual donors to support its program services. The level of such contributions can be affected by economic conditions in the Brevard County area. In addition, the choice on the part of donors to designate their gifts to specific agencies can result in reduced funding available for allocations and grants. A decrease in undesignated contributions could adversely impact UWBC's ability to provide community services and allocate funds to local not-for-profit organizations.

In addition, UWBC is dependent upon continued grant awards and funding. If funding were reduced or terminated, there would be a significant negative impact in services that can be provided to the community.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the organization has the ability to access.
- Level 2 Inputs to the valuation methodology include
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2019 and 2018.

Mutual funds and ETF's: Valued at the net asset value of shares held at year-end.

Donated life insurance policy: Valued at the reported cash surrender value as determined by the insurer using a proprietary model.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Organization's assets at fair value as of June 30, 2019 and 2018:

	Assets at fair value as of June 30, 2018

NOTE 5 – INVESTMENTS

UWBC's investments are measured at fair value based on unadjusted quoted market prices within active markets. Any change in fair value is included as a component of current earnings. Dividends on marketable equity securities are recognized as income when declared. Gains and losses upon disposal are determined on the first-in, first-out basis. Long-term investments consist of assets with maturities in excess of one year from the date of the statement of financial position. Investments consist of short-term equity securities of \$3,486,495 (2019) and \$2,854,405 (2018).

The policy has a current death benefit of \$100,000 with UWBC named as the beneficiary. All policy premiums are paid by the insured and considered to be contributions to UWBC.

	\$ 5,131,240

Promises to give of \$1,744,332 are primarily the 2018 campaign pledges, which will provide local partner agency allocations through June 2020. These promises are net of a 6% collection allowance. The allocations are based on campaign results in the amount of \$2,688,400.

There is a Board designated endowment of \$512,875, not included above, which was created to support donors who wish to perpetuate a legacy of giving apart from the annual campaign. It is structured to fund initiatives consistent with the United Way mission. Management does not have any intention of drawing funds over the next fiscal year. However, these funds are not donor restricted and may be made available for operating purposes if required.

Proceeds from the July 2018 sale of United Way's previous office building totaling \$397,000, not included above, were invested in a Board designated reserve account to preserve the principal for future office needs. Management's intention is to draw \$12,000 annually to offset current rental expense. However, the funds are available for use if necessary.

Management addresses liquidity by investing excess cash in an investment account which includes investment vehicles with varying lengths of maturity, so that funds may be accessed as needed without penalty.

As stated in *Note 9*, United Way of Brevard established a securities-based line of credit in the amount of \$1,025,000 with Raymond James Financial Inc. approved December 2016. The intent of the line is for use when timing for liquidating investments would not be advantageous to the agency or for emergency purposes. To date, the line of credit has never been utilized by the agency.

NOTE 19 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through September 30, 2019 the date that the financial statements were available to be issued, and has determined that no material events occurred that would require disclosure.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors United Way of Brevard County, Inc.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of United Way of Brevard County, Inc. (a non-profit organization), which comprise the statement of financial position as of June 30, 2019, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 30, 2019.

Internal Control over Financial Reporting

In planning and performing our audit, we considered United Way of Brevard County, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of United Way of Brevard County, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether United Way of Brevard County, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
